

# Floor Light

## INSTRUCTION MANUAL

### Safety Warnings

- This product is only suitable for connection to a 240V~50Hz supply. It is for indoor use only, and not suitable for a bathroom location.
- This fitting is a Class II, Double Insulated product  and does not require an Earth. Live or Neutral **must not** be connected to Earth.
- Do not plug into the mains until your lamp is fully assembled. It must be used on a stable, flat surface.
- Under no circumstances must this table lamp be covered with any material as this could pose a safety hazard. This product is not suitable for persons under 14 years of age.
- Never fit bulbs of a higher wattage than those specified on the label as these may damage the fitting.
- Allow 10 minutes to cool before replacing, adjusting or cleaning.
- Clean with a dry cloth only. Do not use liquid or abrasive cleaners on this product.
- The lamp must be protected by a 3 amp fuse in the mains plug.
- If the mains cable becomes damaged it must only be replaced by a technically competent, qualified person.
- If you are in any doubt about your competence please consult a qualified electrician.
- This product may contain delicate parts – be careful during handling and maintenance to avoid breakage.
- If any modification is made, it will invalidate the warranty and may render the product unsafe.

### Assembly/ User Instructions

#### Before you start

Please read these instructions carefully before fitting and retain for reference. Check the packaging and make sure that you have all the required parts. Follow each assembly step in order to prevent incorrect assembly. Ensure that the product is fully assembled as illustrated before use.

**These assembly diagrams are intended as a guide – if in doubt consult a qualified electrician.**

1. Do not attempt to plug in or use this product until it has been fully assembled. Disconnect from mains during assembly or maintenance.
2. Carefully remove all packaging from the base section, central tubes and lampholder and place on a stable, flat surface.
3. Screw the tube (B) onto the tube (A). Take care not to trap the cable or cross the thread. Then screw tube (C) on to tube (B) in the same way. Please ensure that the 3 tube divider between tubes (A) and (B) is placed over the threads for easy assembly, firmly tighten the tubes by hand.
4. Loosen the screws (K) to remove the base plate (H) from the base.
5. Gently pull any excess cable through from under the base and then insert the assembly (C) into the bosses on the base. Using provided Allen key tighten the grub screws at the bosses above the base (D).
4. Refit the base plate (H) onto the base and tighten the screws (K), take care not to trap the cables.
6. Stand the product upright and check the tightness of the joints by hand.
7. Fit the shades provided (E) and secure with decorative shade rings (F).
8. Install the bulb (G). Do not install a bulb with a greater wattage or different shape than specified on the label.
9. Plug in. Operate the foot switch to turn your lamp on.

**If your lamp will not illuminate, please check the bulb, the 3 amp fuse in the plug and ultimately check the relevant fuse in your fuse box. If unsuccessful please consult your retailer.**
